

Biography & bullet points

Peter Baumgartner

Leadership expert and bestselling author: Lead to succeed!

Peter Baumgartner revives the speaker scene as an emerging leadership expert. The bestselling author and industrial engineer is a speaker that gets booked internationally for conferences, corporate events and for lectures at business schools.

His emotional presentation style captivates audiences; his award winning books about leadership complement his lectures. After his studies in Austria, Germany and the UK, Baumgartner has been a consultant to internationally well-known organisations.

He conveys vivid examples and sustainable content: who demands and requires performance today, must be able to provide meaning, too: What you exemplify as a leader definitely rubs off on your people.

Peter Baumgartner's motto is: Encouragement and motivation, leadership and innovation are the core elements of successful leadership. What matters is how people trigger passionate enthusiasm today. With exemplary behaviour. Leadership is decisiveness, courage and confidence.

As a charismatic keynote speaker Peter Baumgartner succeeds to fascinate and motivate audiences. His lectures are about hope and a better life, encouragement and motivation, leadership and innovation. We all need leaders whom people can trust and follow.
